

ACCPF Summer PROGRAMS!

ECO EXPLORERS

NATURE + SCIENCE + OUTDOORS

SUMMARY

In this enriching outdoor science program, students will build their naturalist skills while investigating the biodiversity of American Canyon. Eco Explorers will learn how scientists observe and understand nature while having fun with activities that help them connect with the outdoors and learn about what makes our home unique.

AMERICAN CANYON COMMUNITY & PARKS FOUNDATION PROMOTES PARKS, PROGRAMS, AND PLAY.

Our summer enrichment programs are an amazing way for your child to learn, connect with the outdoors, build confidence, and show their creative side! Our programs are offered at different parks in American Canyon. Scholarships are available. For a schedule of summer Eco Explorers classes, please visit our website, www.acparks.org/eco-club.
