

Patricia Oro: Operations Director

Having settled in American Canyon with my husband David Oro since 2005, I've enjoyed a diverse professional path from corporate roles in Hong Kong and San Francisco to celebrating my love for everything about motherhood, health, fashion, beauty, travel and food on social media @momlikethat.

Born in Taipei and raised in Buenos Aires, I cherish my multi-cultural and multi-lingual background. Our family values outdoor adventures and play, making organizations like ACCPF a fit for us and our community. Although I served on the ACCPF board for three years, I'm excited to support the organization's growth and success in a new capacity.
