

Selena Tellez: Community Outreach Coordinator

Selena is driven by a commitment to community and holistic approaches to civic engagement. As a native of American Canyon, she is passionate about public service that listens as much as it speaks. Her work centers on communication rooted in respect for lived experience -- communication that does not simply inform, but invites, includes, and inspires.

Her goal is to transform experiences into meaningful stories, encourage authentic community input, and identify messaging gaps to strengthen and refine future outreach efforts.
